SmartScan Air Quality Sensor

Indoor air quality sensor

Air Quality Sensing provides accurate analysis of the air quality in a room. LED indicators provide live status information, and each day's historical data is automatically uploaded to the SmartScan website providing graphical analysis. SmartScan Platform 2 only.

- Polycarbonate body finished white (RAL9016)

- Monitors temperature, humidity and CO_2 throughout the day

- Uploads data to SmartScan website daily (Gateway required)

- Coloured LED indicators show status

- Can be supplied factory-fitted to a LEXI exit sign or stand-alone for installation on a single gang pattress

- (ABC algorithm) Maintenance free in normal environments. Automatic, Baseline, Correction

Notes: Available pre-fitted to a LEXI exit sign. Suffix LEXI catalogue number with AQS e.g. WLX17463AQS
